

We are pleased to offer scholarships to support applicants to undertake the **Leaders Forum** program.

Leaders Forum is an experiential learning program for **emerging leaders** from diverse sectors of the community.

Being part of the LBWR program has opened my mind to the key issues and opportunities we must focus on as a community and how engaged groups and individuals can be part of positive change. As a small business owner, I would not otherwise have been able to afford to take part in the program, but now I am one step closer to actually being the change I want to see in my community.

**Janelle Yates, The Little PR Company (recipient of the Peter Davies Small Business Scholarship 2012)**
